HARVEST TEAM – Job Advertisement

Objective of the position:

The harvest team will be required to transplant seedlings from the nursery into the growing system, monitor the growth of seedlings and plants and harvest plants from the greenhouse for packaging and further value-adding (processing) in the onsite processing facility.

Essential Criteria:

Successful candidates will have the following criteria;

- Physically fit and hardworking
- Have strong verbal and written communication skills
- Accountable, reliable and punctual
- Adapt quickly to new skills
- Work competently alone and in a team environment
- Hold a Driver's Licence or an alternative means to travel to and from work

Desirable Criteria:

Whilst it is not essential, knowledge and/or experience in the Horticulture, Farming and/or Nursery Production areas would be an advantage.

Hours of work:

Due to the nature of the business, candidates must be flexible for the month of January and available **Monday to Saturday from 7:30am to 5pm**. Opportunity for full-time employment will be available in the coming months.

Rate of pay:

Level 1, Casual, Horticulture Award 2010

ABN: 21 602 447 021 | ACN: 602 447 021
